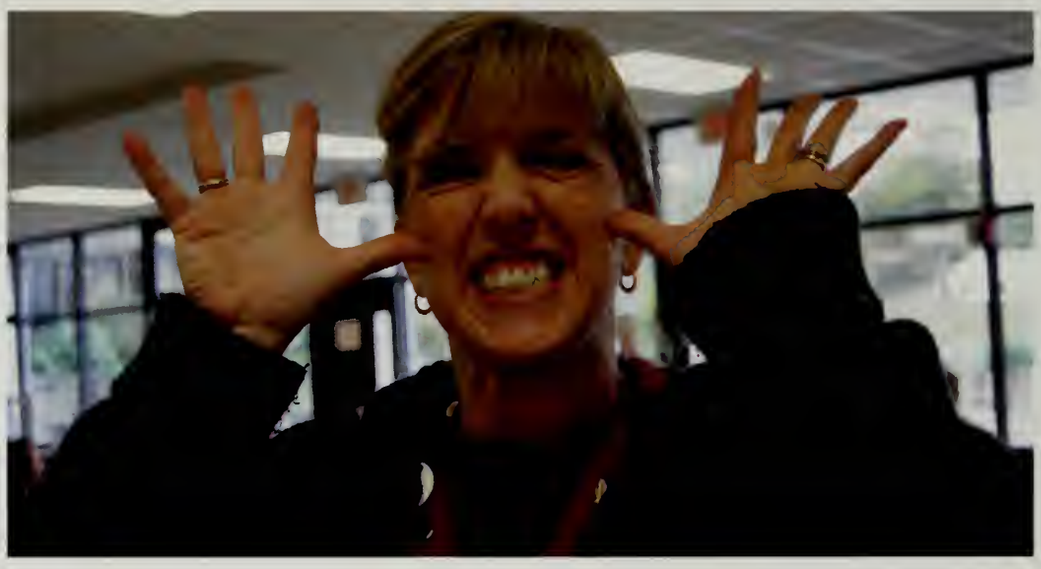
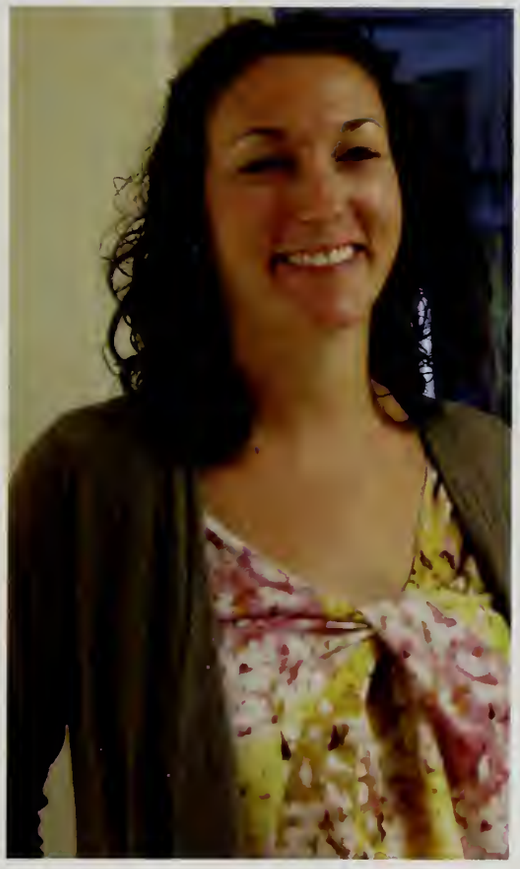
Our Path to Success

Without the amazing faculty and staff , Stoughton High could not run as successfully as it does. The Superintendent, Dr. Rizzi, oversees decisions made by the staff. The wonderful Principal Ms. Miller makes all executive decisions that help run SHS each day, while the guidance counselors provide support and kindness for the students. The teachers help pave the way for our futures, giving us necessary skills and information we need to succeed. The cafeteria staff gives us nutritious and delicious food that powers both our minds and bodies. We owe a massive "thank you" to everyone that works hard to keep SHS at its best.



Mrs. Meyer makes a funny face at the camera during lunch to show off her goofy side!



Mrs. Regan always puts on her biggest smile in the hallway to brighten everyone's day.

Mr. Baptista

After three decades of keeping Stoughton High School clean, general maintenance worker, Donald Baptista has decided to retire. Also a husband and father, Baptista is just as kind to his family as he is to the students and teachers at the school. He even brings his wife home a bouquet of tulips every Thursday. Despite his tough childhood, he chose to view life from an optimistic perspective and has no regrets. Baptista has made many friends at the school throughout the years who call him "humble" and "loyal." Baptista never focused on the materialistic items in life; instead, he realized how lucky he was for having such a caring family and kept smiling through both difficult and happy times. To him, he had everything he could need from life. Helping people was something he loved to do, so working at a school full of kids who make mistakes was not hard for him. After thirty-four years of giving so much and never asking for anything in return, Donald Baptista deserves retirement and will be forever respected in the halls of Stoughton High School.

Ms. Berman

After thirty-two years at SHS, Ms. Marilyn Berman is retiring. Ms. Berman earned her BA degree at UMass Amherst, majoring in "Individual Concentration," a program which allowed her to create her own major and study US History, Legal Studies, Political Science, and Psychology, among other disciplines. After teaching at two other high schools previous to SHS, she earned her Master's degree at Tufts University in 1981. That September, she was hired by Dr. Daniel Davis to teach Social Studies at SHS. In 1990, Ms. Berman completed a certificate from the Graduate Program in Dispute Resolution at UMass Boston and then established the SHS Peer Mediation Program which she coordinated for the next 14 years. Ms. Berman considers the Peer Mediation program to be one of the greatest accomplishments of her career and is thrilled that it continues to thrive and help students resolve conflicts in a peaceful manner. Ms. Berman's lifelong love of film led her to develop three different film courses and to co-design a film and literature course dedicated to the study of immigration. She plans to continue teaching film courses for teachers. Ms. Berman leaves SHS with both sadness and elation. Always proud to have been a part of the Stoughton community, Ms. Berman would like to thank the faculty and staff and, most of all, the students of SHS who have given her so many joyful moments.

Estates

Mr. Carey

Mr. Carey has taught Physics at SHS for twenty-nine years. Before, he taught in central London schools for ten years. He also taught in Ireland and Northern Ireland, for a grand total of forty four years in the classroom. He was educated in Ireland, receiving two degrees in preparation for the Catholic priesthood. He loves teaching physics as it challenges students to think for themselves and see how science and examining evidence works in everyday life. Students often remember the projects they have built for physics class for years to come. This year, a student who built a very impressive toothpick bridge told Carey how her mother had built the best bridge in class twenty five years ago. Coaching the Science Olympiad team has been a pleasure for him, and has given him new ideas to benefit the curriculum and the school's science fair. As well as relaxing, reading and traveling, he plans to continue to be active in various volunteer activities, such as driving people to visit their relatives in prison.

Mrs. Blaustein

Mrs. Blaustein will be retiring in June after teaching here for twenty four years. Ironically, her teaching career began without her realizing it. She worked as a substitute teacher at SHS after graduating with a major in history and social studies and a minor in education from Boston University. After two years in the business world as an administrative assistant, Mrs. Blaustein decided to return to college to obtain her M.Ed in Special Education from Northeastern University. She worked at the Memorial Middle School in Hull until her son was born and later, her daughter. Then, she took some time off from teaching before returning to Stoughton in 1989. During her first four years at SHS, she was the resource room teacher and later became the inclusion teacher where she worked primarily in the English department, as well as the social studies and math departments. She also served as class adviser to the classes of 1993 and 1997. She has enjoyed her time at Stoughton High School and she will miss working with the students. Mrs. Blaustein plans to spend time with her grandchildren, to travel and to try to stay healthy and enjoy her retirement.

MARGUERITE C. RIZZI, Ed.D.
SUPERINTENDENT OF SCHOOLS

Dear Members of the Class of 2013:

Congratulations on your tremendous achievement of graduating from Stoughton High School! This is a great accomplishment that each of you has earned, it was not bestowed as a gift. You are leaving us to go into a world of exciting possibilities and opportunities. Many of you will have multiple careers, and some of those careers have not even been invented yet. You are well equipped with the ability to analyze, create, work together in socially intelligent ways, and solve problems to make this a better world. I look at all of the things you have done and ways you have participated in your school and community while you were here, and I know you will make distinctive contributions to the world, both locally and globally in the years to come.

Do not be discouraged by the vagaries of the economy and the difficulties that we face as a society and a world community. You will face the challenges of your generation with the courage that others have faced theirs. There are new tools invented every day in the realms of ideas, technology and medicine. You will be part of the creation of new solutions and their applications to the problems of today.

Yours has not been an easy year. Tragedy has required that you be tested beyond what any of us would have ever wanted to see for you. As a group you have proven yourselves to be people of character, strength, compassion and integrity, and you have made your community very proud.

Sincerely,

Marguerite C. Rizzi, Ed.D.

Dear Class of 2013:

Congratulations on your graduation from Stoughton High School. This is a milestone in your life. Take a moment to relish in your accomplishments and achievements. You have worked hard, overcome many obstacles and enhanced the school culture in many ways. I have seen the way you genuinely care for one another and how you pull together as a class to support one another or to reach a common goal. You have represented Stoughton High School well and certainly have modeled our standard of excellence.

Education is more than what can be taught in a classroom, and the lessons that you learned here, whether they were about academics or about how to get along with each other, have prepared you for your life after Stoughton High School. Thank you for all your energy and talent and the ways in which you have enriched and improved this school. You are a wonderful group of students and I know that you will have a great impact in whatever dream you choose to pursue.

I would like to thank you for all you've done to make this high school a better place. I have thoroughly enjoyed getting to know you and appreciate the kindnesses you have shown me in our first and last year together. It has been a pleasure.

On behalf of the Stoughton High School faculty and staff, I wish you success and happiness in all your future endeavors.

Sincerely,

Ms. Juliette Miller

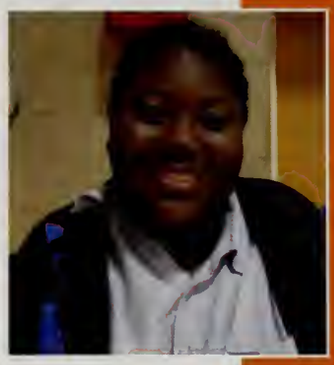
Underclassmen Survey

As an underclassman, what senior bad habits drive you crazy?

"When they walk down the hallway yelling 'SEEENYAH.'"

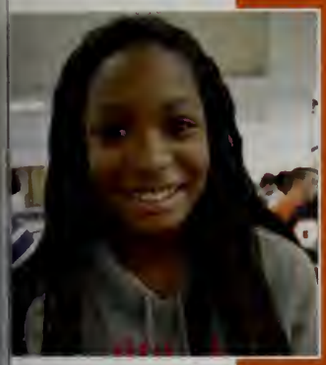
-Andrea Keith



What was your biggest fear before you started high school?

"Getting stuck in the locker."

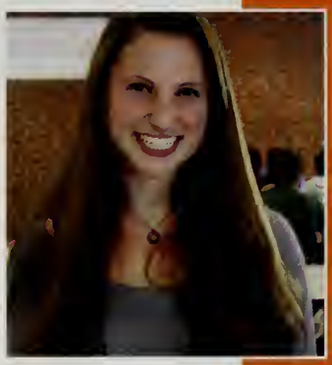
-Roland Copeland



If you were principal, what would you change about Stoughton High School?

"No eating in class."

-Courtney Simon



Describe your freshman year in four words.

"Stressful, overwhelming, new, exciting."

-Tabatha Norton

What are you most excited to do when you become a senior ?

"Using my senior privileges."

-Brittany Block

What is your best excuse for being late to class?

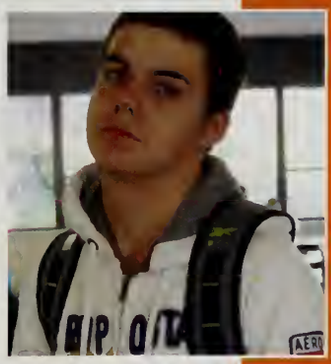
"My teacher kept us late."

-Chris Freitas

What is your most embarrassing experience so far in high school?

"I sat in the wrong class for twenty minutes."

-Dylan Freitas



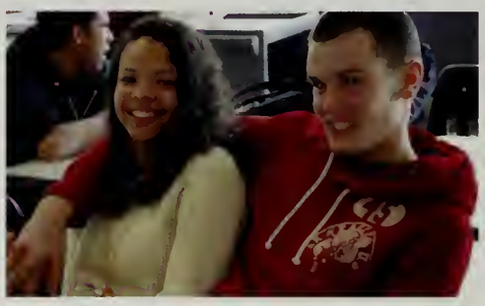
What do you wish would happen in school but never does?

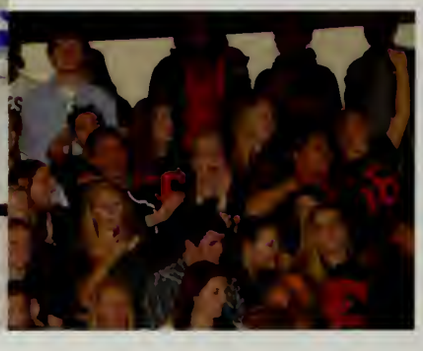
"Being able to use your cell phone."

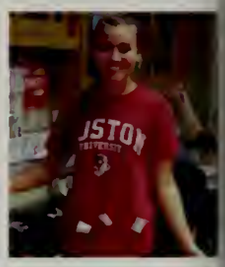
-Mike Roberts

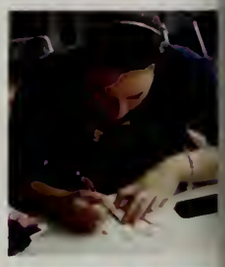
Many Windin

Although each senior class soaks up the glory, the underclassmen are the foundation of the school and make up the majority of the student body. Each senior was once an underclassman and each year is important in shaping a student into the person he or she is when graduation rolls around. Each year reveals different journeys, varied obstacles and lasting memories. As the underclassmen continue to spin the spinner and travel down the road of high school life, we must remember how important each and every member of our community is, and how much each student contributes to our lasting Stoughton High School identity.

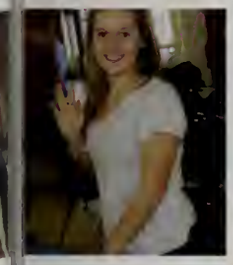


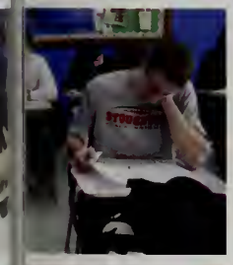


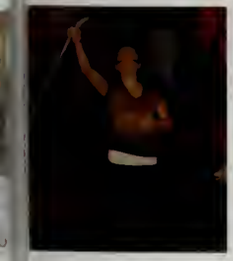




Roads Ahead...







Get in the Action!

Winter, fall, and spring bring rain, snow, ice, heat, sweat, and tears. Courts, fields, tracks, pools, and mats absorb the dedication that our sports teams put forth in practice and in competition. SHS embodies sportsmanship through and through and the bond created through sports runs deep. No matter what sport you participate in, the SHS community remains U-Knighted. The runners, the swimmers, the passers, the batters, the catchers, the goalies, and more, stand strong because of the coaches who encourage them, the teammates who watch out for them, and last but not least, the dedicated fans who cheer for them.

Senior Marcus Middleton looks for a clear path to put the Black Knights in the lead with a touchdown.

Senior Danny Eckler looks for an open teammate to continue pushing the ball down the field.

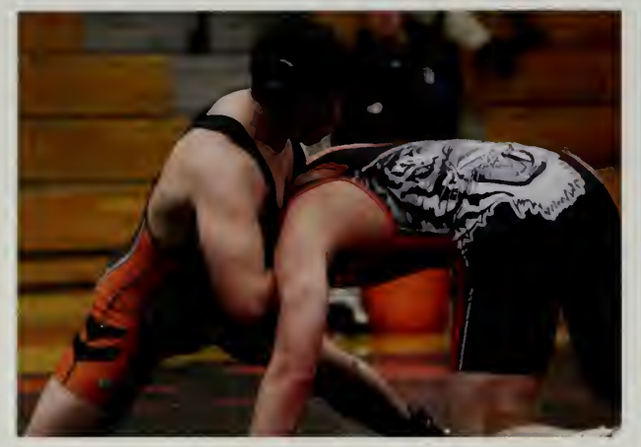
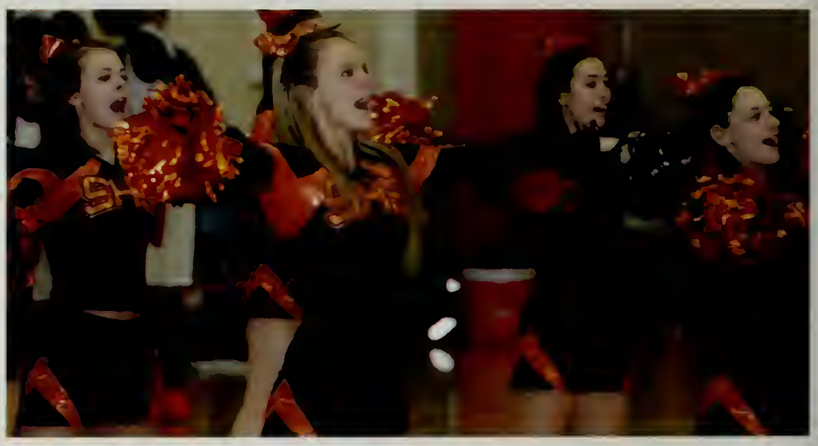
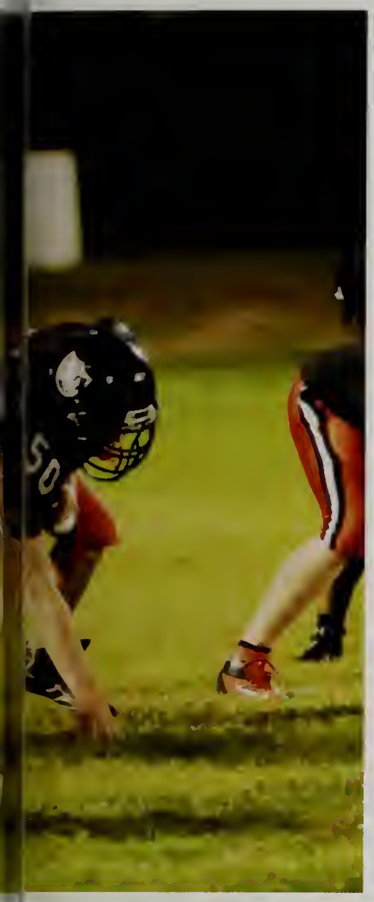
Girls Track & Field



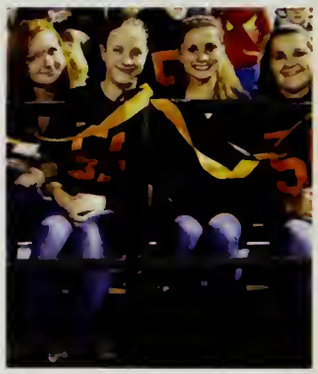




Near the End of the Road

Sports at Stoughton High are taken very seriously. After countless hours of practice and dedication on the field, the teams form an inexplicable bond, essentially becoming family. Stoughton High School teams demonstrate respect and unity while representing their hometown. Sports allow students to display their spirit while also teaching them what it's like to work with others.

To the left, senior Luccas Alburquerque, senior Pat Jackman, junior Courtney Wagner and freshman Guy Eddy enjoy fresh air out on the patio during lunch.



To the right, junior Jenna Morris dresses up as Jenna Hamilton from the hit television show *Awkward* for Halloween.

The Knight Life

As we travel down the road of life, we meet many obstacles and we learn how to overcome them. As each freshman evolves into a senior, and eventually into a graduate, he or she makes new friends, arrives at new milestones, and experiences new aspects of life that will forever shape his or her future. The memories we make in high school create an indelible mark on our lives and carry us further into the game. Sometimes the spinner may not land where we need it and other times luck will be on our side, but no matter what, the path to Millionaire Estates always remains available to us. We are far from retirement, in fact, we are very much at the beginning of the game, with endless possibilities ahead. So, as we move forward with each spin of the wheel, we must remember that along with all the experiences yet to come we will forever be affected by the movements, and most importantly the memories, of our past.

To The Stage

Stoughton High's drama department took the stage in two productions this year. Both their fall production, titled "A Child Shall Lead," and their spring musical "The Wiz," turned out to be huge successes! Many students dedicated a lot of time and effort for both. Other than the acting itself, students are involved in all aspects of the production including set design, costume design, lighting and the pit. Thanks to the director Megan DiSimone, the Drama Club Co-Presidents Olivia Quattrucci and Caroline Cusack, and a spectacular cast and crew. The greatness of these two shows will go down in Stoughton High School history.

Thanksgiving Game!

The Stoughton High School Black Knights played a tough game against the Canton Bulldogs. They were defeated 28 to 26 for the first time since 2004. The game went into overtime for the first time in the 87 years this tradition has been upheld. Despite the loss, Stoughton finished the season with a 9-2 record, the best in the Davenport Division. As far as the all-time Thanksgiving series goes, Stoughton still leads with a record of 43-40-4. What a season, Black Knights!

Visual Arts

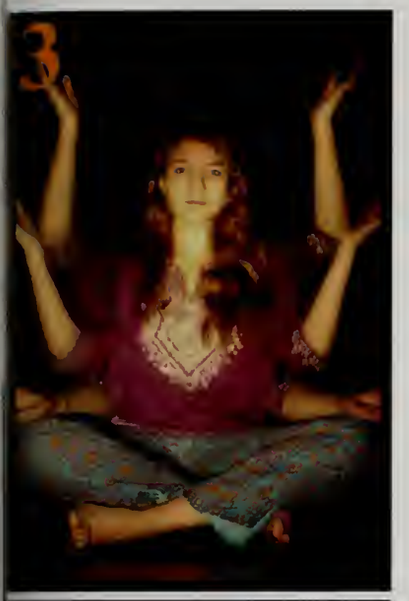
Christana Galyuk reflects on how innocent we are during childhood. We have no care in the world and no need to care. In this photo, the little girl is playing with different toys and changing the outfits on her dolls. She is also wearing a crown. The image symbolizes the carefree childhood where play rules all.

Michelle Bisbee expresses her interest in different religions in the photo above. This picture is of Jewish tallits. Michelle captured a vivid image of what a religious Jewish man would wear, exposing a part of culture that many may be unfamiliar with. Perhaps those that are already familiar with these powerful religious objects may see them in a different light. Michelle captured a beautiful picture that keeps people wondering and questioning.

Kayla Millican harnessed a scene that displays nature's true beauty--without color. Kayla wants those who view this photo to slow down and look at the intricacies of life. Color is all around us and we never notice how meaningful it is to our everyday life. Additionally, we must recognize the texture in life despite its color.

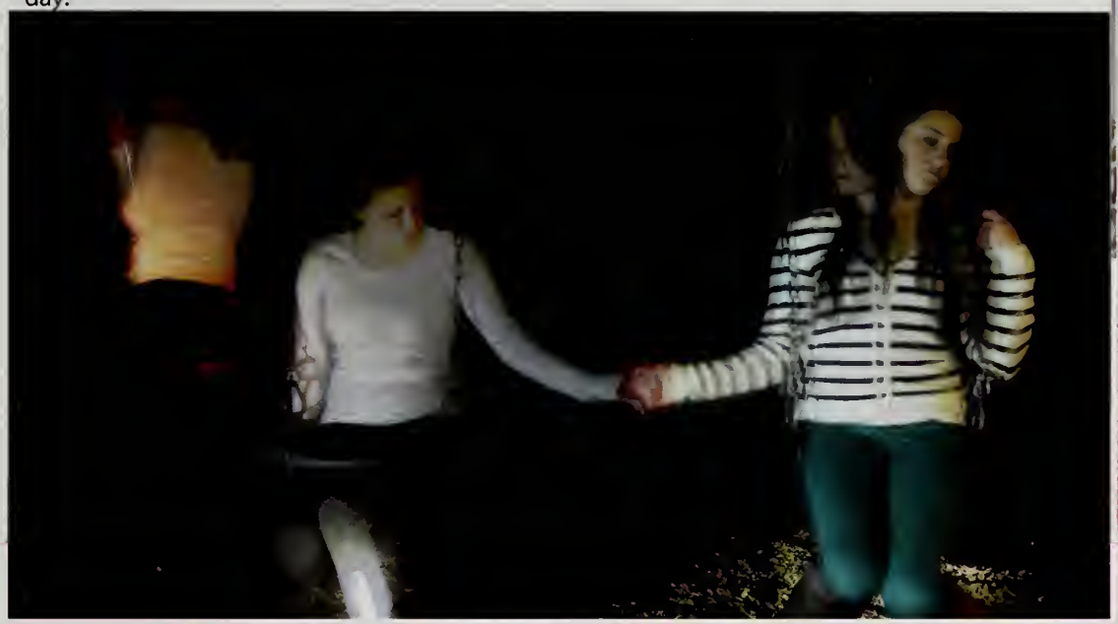
1 Alec Denapoli created a wonderfully accurate portrai of Kiana Kountze-Lee.

2 Cris Oliveira made a detailed drawing of a wolf for one of his art projects.



Samatha Delosh created one picture of the various things she does throughout her day.

Nick Michienzi captures a beautiful view of nature.



3 Masha Lourie took a photo of herself and merged different views to create a unique perspective.

4 Diep Tran tells a story through her picture to display that models do not have to starve themselves to be beautiful.

Choose Your Path

Visual Arts is a way to let Stoughton High students express themselves. This program gives students the opportunity to try something new and/or hone skills throughout high school.The program's elements range from paint, photography, drawing, among others. Alyssa Dancey, Mark Craig, and David Wall spend their time helping and encouraging students that want to be involved in visual arts. Each teacher offers his or her opinions and experience to diversify the program and the talents of its participants. The students' amazing art is hung around the school for everyone to see and to experience. Stoughton High's Visual Arts program will continue to excel with the great students and teachers contributing their love, time, and attention.

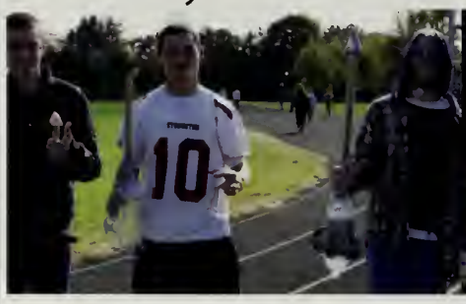
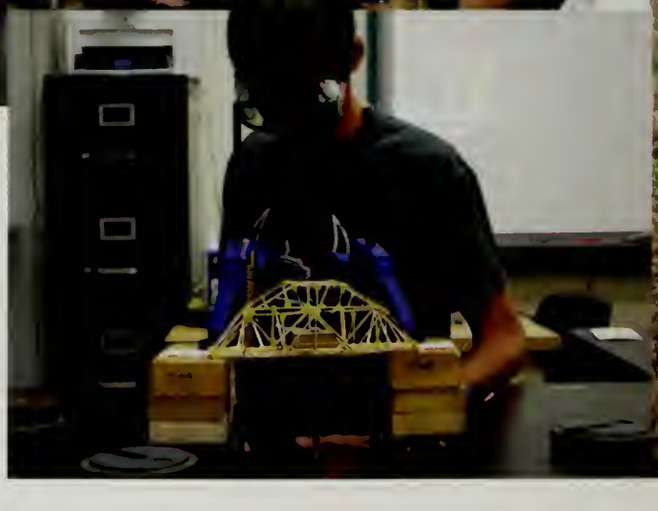
Bottle Rockets & Bridges

Two of the most exciting senior projects are creating a bridge and a bottle rocket. The bridges can be no more than two-hundred toothpicks and must be able to able to support the weight of at least three kilograms. However, if the student wishes to receive an A+, his or her bridge must be able to hold thirteen kilograms. Bottle rockets are made of two liter soda bottles and other creative materials the student thinks will make his or her rocket stay in the air the longest. In order to get the highest grade the rocket must stay airborne for a total of twelve seconds or more. Seniors spend a tremendous amount of time and effort on these two projects. This tradition has been carried on for years and hopefully it will continue to be a part of SHS for many more senior classes to come.





Mike Paukner watches intently to see how much weight his toothpick bridge will be able to hold in hopes to receive a passing grade!

David Curtis shows his excitement as his bridge successfully holds enough weight for him to receive a passing grade for the project.

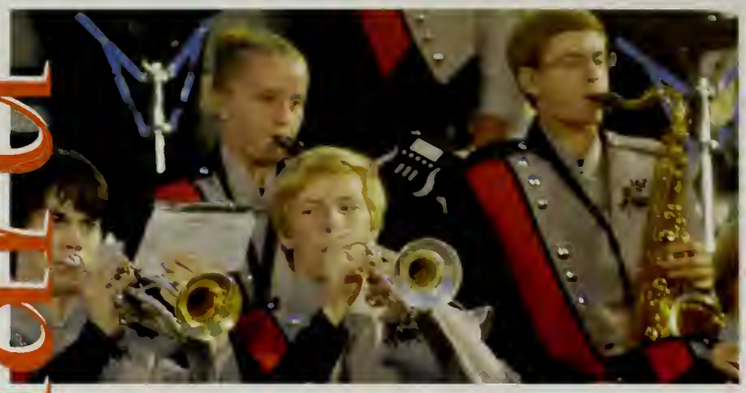
Mr. Carey helps set up the bottle rocket in preparation for lift off.

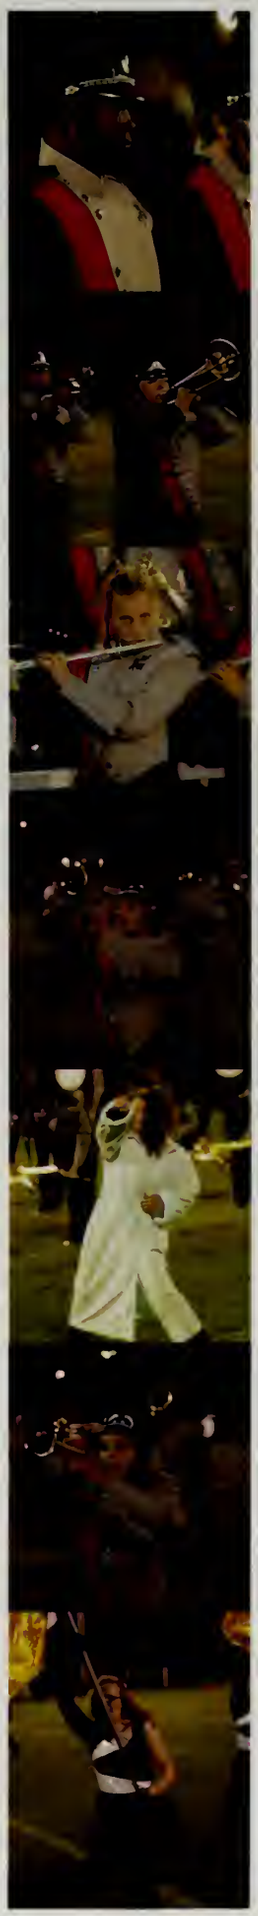
Band & Color Guard



Band members play their stand music during an intermission, playing popular songs such as "Apache," "The Hey Song," and "I Want You Back." They never fail to get the crowd on their feet, making everyone sing and dance along to the music. The work they put into each performance truly pays off when they get to showcase their talent at games and other events.

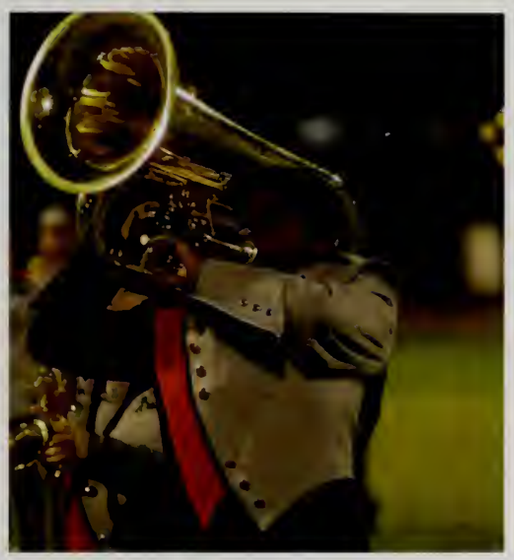
The SHS band gets the fans excited while they patiently wait for the football players to hit the field for the second half. The band maintains precision as they march across the field in formation.

Brenda Lambert gets ready to perform during the climax of the show while the band shows off some creative dance moves for the crowd.



1 Senior Fionna Joyce smiles as she performs the colorguard routine during the halftime o a football game.

2 Below, senior Dan Block conducts the band as it gives the audience an exciting performance of "I Want You Back" by The Jackson 5.



3 Freshman Hannah Garey and Katie Gover play their flutes, demonstrating their skill at remembering the music and footsteps simultaneously.

4 Seniors Sam Souto and Heather Wallace showcase their flag work during a show. The color guard must take pains to coordinate perfectly with each other and the music.

The *Time* of Our Lives

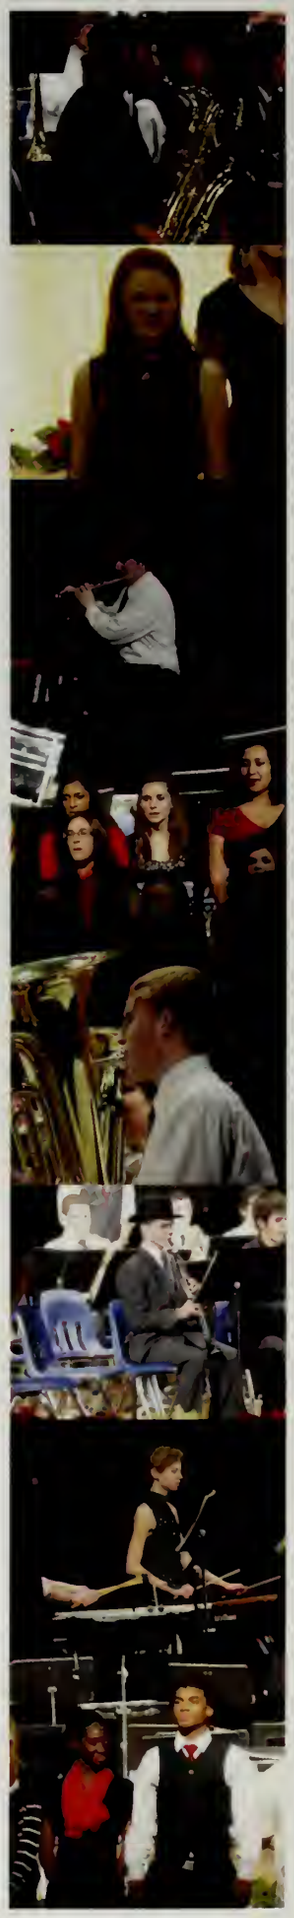
This year, the marching band performed their show titled, "Time." The title is self-explanatory; the performance was all about time. The band performed songs such as: "Time has Come Again," "No Time," "Minute by Minute," "Too Much Time on My Hands," and "Turn! Turn! Turn! (To Everything There is a Season)." They also featured amazing formations such as clocks and hourglasses. As always, the band season was incredibly successful, as the band won many awards at competitions all across the state. The band had many new faces and familiar ones that led the way all year round. This included new band director Mr. Mange, who did a fantastic job in his first year. Putting on incredible performances during intermissions at football games, the band and color guard never fail to capture the crowd with talent and dedication. Throughout the year, the members put in countless hours to perfect their performances, making sure every movement is precise and every note is on key! The SHS marching band and color guard deserve a standing ovation for their terrific performances and their fabulous talent that they showcase for our school year round.

Band and Chorus

Malachi Baugh, Mason Boyle, Corey Prosper, Alexis Nguyen, Ryan Egan, Brian Charles, Derek Faria, Mariana Lanzillo and Matt Scabia, along with the rest of the chorus, sang "Deck the Halls," "Bidi Bom," "Riu Riu Chiu," and "Make Them Hear You." The choir worked very hard this year perfecting their pitch.

Alex Peixinho stands up in anticipation of his solo while Igor Pryadko and Daniel Block play backup for him. The band practices very hard in order to put on an unforgettable performance each winter.

The Jazz choir performed "Baby, It's Cold Outside" at the 2012 winter concert. Tim McGrath, Kimara Merceron, Kassandra Melo, Maggie Widberg and Christina Solem are singing their hearts out for the audience.



1 The band intensely reads its music while still focusing on Mr. Mange's direction.

Tunes to Live By

The SHS music department had an incredibly successful year. New band director, Mr. Mange, was a welcome addition to the staff as he led the instrumental groups in superb fashion while choral director, Mr. Coombs, guided the choral groups to that same caliber of greatness. Every member of the music department rehearsed extensively during music class and after school; the dedication to excellence showed in their performances. The concert band and concert choir gave the audience chills with their beautiful ensemble sound; the jazz band, combo and jazz choir got the audience moving and grooving to the rhythm of the music. Mr. Davey's drum club also entertained the audience with their awesome percussion beats. The band and choral groups continue to enrich the school with beautiful music and outstanding performances.

3 The group of girls sing with joy and enthusiasm as their voices electrify the auditorium for all to hear.

4 Timothy McGrath bravely stands up to perform his ear-catching solo.

Destination Imagination

This year, Destination Imagination, also known as Construction Challenge, came up with four teams who competed at regionals in the In the Zone Technical Challenge and Twist-o-rama Technical Challenge. Students showed off their engineering skills with a unique and creative twist and were very successful in their projects. All teams were coached by Mr. Norton. Team Diesel placed first and two out of the four teams made it to the Destination Imagination state championship.

CLASS OF 2013 OFFICERS

Words cannot express our appreciation for Mr. Norton and Ms. Rahaman for everything that they have done for us. Without their help we would not have had as much success as we had during the past fours years of high school. We would also like to thank the entire faculty for guiding us through this journey. To our fellow classmates: we laughed together, we cried together, and made memories we will never forget, together. At times, it may have been hard, but the hard times have made us who we are. Even with all the speed bumps, the journey went by too fast. We want to wish you all the best of luck with your lives. To all the underclassmen, enjoy this time because before you know, you will be walking across the stage receiving your diploma, too. Get involved and have fun! Always remember: once a KNIGHT, always a KNIGHT.

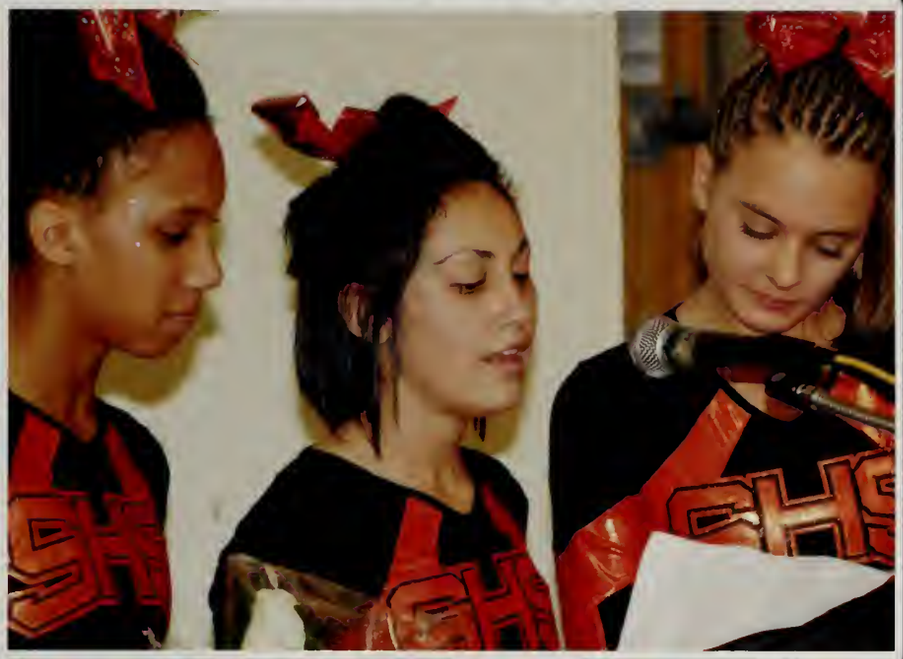
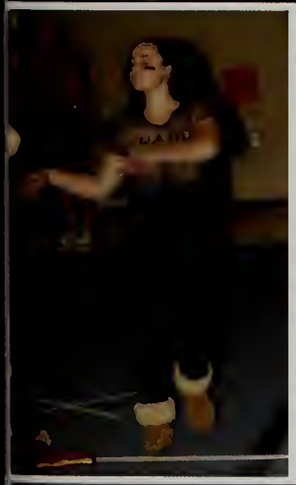
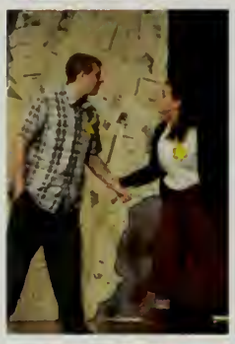
High Pep Rally!







The Knight Life Coming to a Stop...

As the old saying goes, "one end is just the start to a new beginning." This is the end of our time as high school students and the beginning of our time as students of life. Cafeteria lunch, structured learning, school dances, favorite teachers, and studying our hearts out are all memories that have made an indelible impact on us. We have given our full efforts to create a school environment that fosters happiness, success, friendship, and love. With each movement forward, we have captured a new moment that will impact us for years to come. As we close up the board and put the pieces neatly in the memento box to store away, we'll make sure it doesn't collect dust on a shelf but is treated with the respect that these memories deserve. High school may be over but what we have shared collectively will continue to live on through each of us individually.

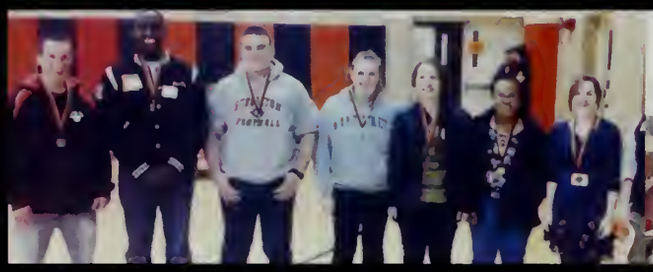
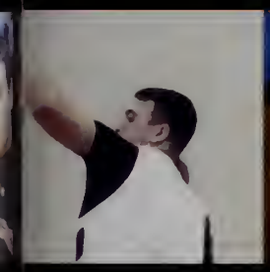
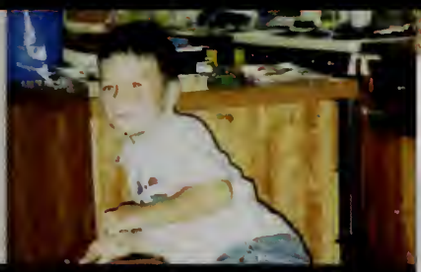
In loving memory...

The 2013 Stotonian staff would like to dedicate this year's yearbook to David Wade. David was an integral part of the Stoughton High School community, participating in our culture as a student, an athlete, and a dear friend. A senior in high school, his time with us was valuable and will be cherished forever. He created a lasting impact on all of us. Cheering, throwing shot put, and playing football, David is remembered as a fantastic teammate whose mature leadership and sense of brotherhood displayed his loyalty to his peers and coaches. We will carry David's memory with us on the stage at graduation and throughout the rest of our lives. David touched our hearts and we will forever think of him as a proud member of the Class of 2013.



"Once a Knight, always a Knight."





Murphy Coal and Oil would like to congratulate Kevin Bernard, Jordan Angelos and the rest of the 2013 Senior Class!

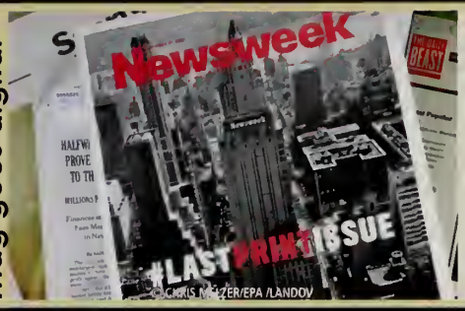
The Walt Disney Co. purchased Lucasfilm, the production empire that created the *Star Wars* films, for $4.05 billion. Disney plans to make 3 new *Star Wars* movies, with a goal to release the first in 2015.

mag goes digital



© CHRIS MAZZER/EPA /LANDOV

Newsweek® magazine announced it will no longer publish the print version in order to go fully digital. *Newsweek* existed in print for 80 years but the Internet age resulted in circulation decline. The last print run was at the end of 2012.

tallest mohawk

© ADREES LATIF/Reuters /Landov

It took Japan's Kazuhiro Watanabe 15 years to grow his hair and claim the Guinness World Record for tallest mohawk. The mohawk stands 3 ft., 8.6 in., and requires 3 cans of hairspray and 1 can of gel to keep it upright.

nation torn

© ZEIN KARAM/Reuters /L

Thousands of lives were lost and nearly a million displaced during the escalated crisis in Syria. An uprising between President Bashar al-Assad's government and rebels fighting his autocratic rule caused violence across the nation and pressure for the UN to intervene.

20 years of texts

More than 8.5 trillion texts were sent in 2012.

The 20th anniversary of text messaging occurred in 2012. The first text was sent by a computer and read "Merry Christmas." Over the next few years, commercial texting became available and continued to grow exponentially.

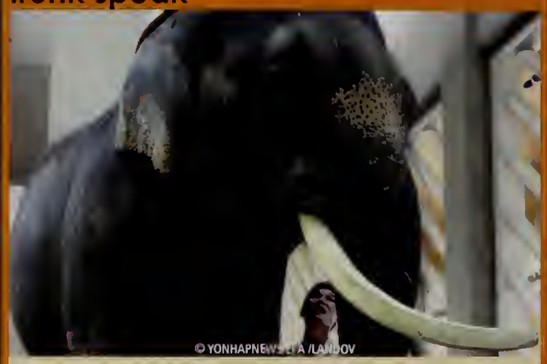
© PATRICK TEHAN/MCT /Landov

Within the first 24 hours of release, Apple reported 2 million orders for its iPhone 5. This record doubled the reported pre-orders for the previous iPhone 4S. Though most phones were delivered quickly, some purchasers had to wait a few weeks due to high demand.

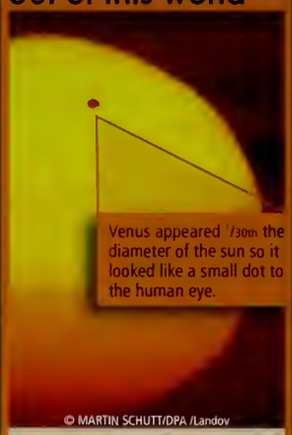
science & discoveries

trunk speak



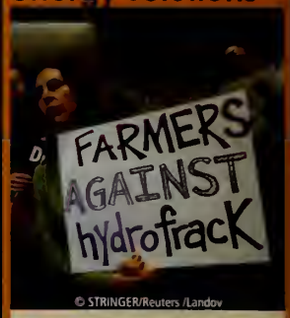
A study in *Current Biology* reported that a South Korean elephant named Koshik could speak. The elephant used its trunk and throat to mimic his trainer's speech, and spoke the Korean words for "hello," "no," "good," "sit down" and "lie down."

out of this world



A rare astronomical event called the Venus transit made it possible for people to see the planet as it orbited around the sun. This occurrence lasted over 6 hours and won't be seen again for 100 years.

energy solutions



Energy conservation and sustainability were hot topics in Washington D.C. Natural gas was one energy source that was highly debated. Twenty-five percent of U.S. energy comes from natural gas because it is cleaner than other energy sources. However, the process of getting natural gas can cause water and air pollution.

kicking the habit

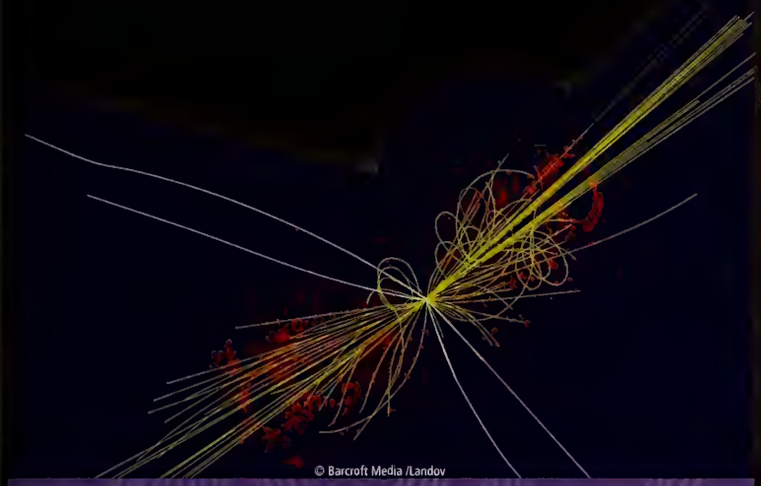
A study published in *Science Translational Medicine* announced a potential vaccine to help smokers kick the habit. The vaccine pumps antibodies from the kidneys through the bloodstream to halt nicotine's addictive qualities before it reaches the brain. Though it has only been tested on mice, scientists are hopeful it could also work for humans.

cave robbing spider

A new spider about the size of a silver dollar was found in the Pacific Northwest. The spider was nicknamed "cave robber" for where it lives and its long claws.

curiosity takes Mars

Mars rover Curiosity landed on the Red Planet after 8 months of travel for its 98-week mission. Curiosity wasn't the first vehicle to land on Mars, but was NASA's biggest and it contained the most research tools to uncover signs of any previous life on Mars.



Higgs particle

Physicists discovered the Higgs boson, a small particle that carries mass between other particles. The find was monumental since scientists were never able to verify its existence.

tastier tomatoes

Scientists determined the entire genome sequence of the tomato, which revealed additional information about the fruit's genetic structure. Researchers can learn how the species adapted over time and how to produce more tasty and nutritious varieties.

spray-on power

A team of mechanical engineers published research on their latest invention: spray-on, rechargeable batteries. They broke down the battery components and transformed them into liquid – a discovery that may eventually lead to spray-on batteries for tiles, glass, steel and cars.

nowhere to go but up

Sky Green Farms developed the first vertical, commercial-scale vegetable farm in Singapore. Vertical farms are pyramid-like structures made of metal with many levels containing trays of vegetables. The vertical farms are perfect for areas such as Singapore, where real estate is limited and typical farming practices take up too much space.

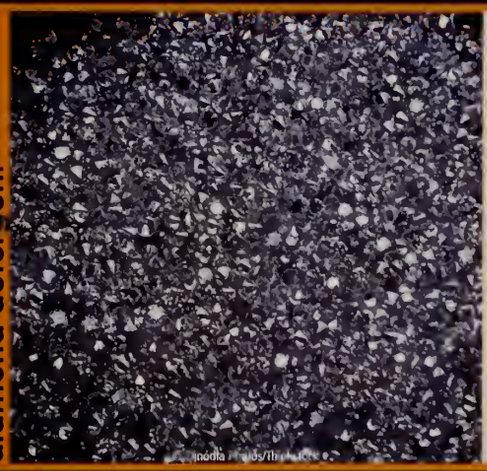
solar-powered plane

At 43.5 mph, Solar Impulse made its historic solar-powered intercontinental flight between Switzerland and Morocco, with a stop in Spain. The plane's 12,000 solar cells across its wingspan captured the sun's energy to run its motors and recharge the battery. The mission demonstrated the potential for pollution-free air travel.

coral finding in tropical reefs

A new coral species was discovered in the western part of the Coral Triangle. The coral lives on cave ceilings and is unique because it lacks the bacteria that other coral need to survive. It can tolerate low light levels in deep waters and has small polyp sizes, which cause it to grow slowly.

diamond detergent



A U.K. team of researchers discovered that very small pieces of carbon called nanodiamonds can help detergents more effectively clean clothing with cold water. These findings were part of the "Cold Water Cleaning Initiative" that aimed to find energy savings by replacing hot water with cold for household chores.

virtual keyboard

Brookstone stores offered a virtual keyboard (manufactured by CTX Virtual Technologies) to consumers. It is the smallest and most affordable ($99 each) virtual keyboard of its kind. The keyboard image is projected via laser from a small key chain. Optical sensors track the user's finger movements and Bluetooth technology connects it back to the wireless device.

robot plays rock, paper, scissors

© TORU HANAI/Reuters /Landov

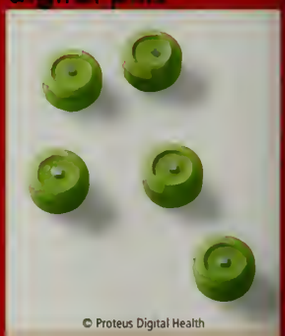
Physicists at the University of Tokyo created a robot that can play rock, paper, scissors and win 100% of the time against humans. The robot was programmed with a high-speed camera that senses human wrist motion in 1 millisecond and determines which move the player will choose before the motion is even made. Someday, similar technology might be used in assembly line work and even in hospitals.

the egg & i

© Eggasus

A new egg-shaped car called "Eggasus" joined the eco-friendly vehicle market. The 3-wheel car gives off zero emissions and is ideal for compact, urban spaces. "Eggasus" costs $5,000 and fits one person inside. It can reach 25 mph and travel a distance of about 50 miles.

digital pills



© Proteus Digital Health

The first digital pill was approved by the FDA. The digital chip, the size of a grain of sand, is implanted in a pill that is taken at the same time as the patient's medication. The chip sends an electric signal to a patch worn on the person's skin which sends the information to medical professionals for monitoring.

built for speed

© Luc Fusaro

French engineer Luc Fusaro developed customized shoes to enhance athletic performance. First, a digital model is made of the athlete's foot. Then, using special powder with a 3-D printing technique, the shoes are built for a perfect fit. The shoes can improve speed performance up to 3.5%.

tennis grand slams

Andy Murray and Serena Williams both won the Singles titles at the US Open. Murray defeated Novak Djokovic in set 5, making it his 1st Grand Slam title. Serena Williams continued to dominate by beating Victoria Azarenka, and earned her 15th Grand Slam title and 4th US Open championship win.

indy 500

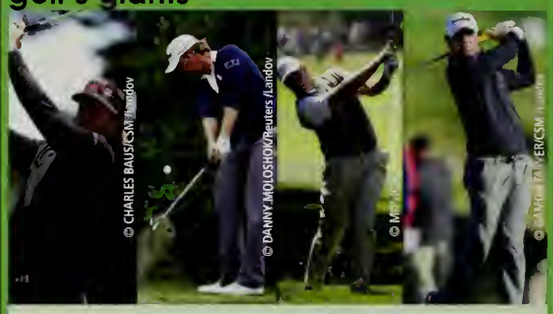
Dario Franchitti placed first at the Indy 500 to earn his 3rd title. Franchitti drove for his teammate and former race winner Dan Wheldon, who passed away in a crash last year. He wore white glasses afterward in honor of Wheldon.

tour de France

The Tour de France course is more than 2,100 miles and lasts over 3 weeks.

Bradley Wiggins of Britain celebrated a win in the Tour de France and was the first Brit to ever win the race. Wiggins beat out 2nd place finisher, and Team Sky teammate Chris Froome, by more than a 3-minute margin.

golf's giants



Four different players won each of this year's major golf championships. Bubba Watson finished 10 under and made both holes in a sudden-death play-off to win the Masters Tournament. The U.S. Open Championship went to Webb Simpson, who earned his 1st major title 1 stroke ahead of his closest opponents. Ernie Els' win in the Open Championship made Els the 8th player to win a major in 3 different decades. Rory McIlroy won the PGA Championship by a PGA-record 8 strokes.

basketball fever

The Indiana Fever won their first WNBA championship against the Minnesota Lynx in Game 4 with a final score of 87-78. Tamika Catchings of the Fever scored 25 points in the final game and earned the MVP award.

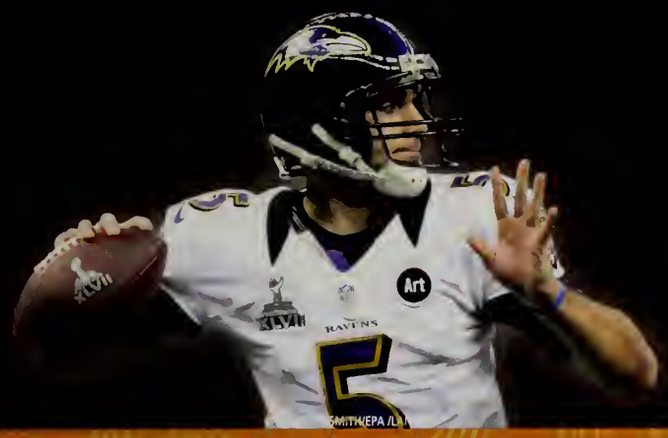
golden highlights - london olympics

Swimming Sensation
Missy Franklin won the hearts of many with her big smile and strong strokes at the games. She won gold in the 100-meter and 200-meter backstroke, as well as a record-setting gold and bronze in the women's relays.

Fastest Man
Usain Bolt made history by winning the 100, 200 and 4x100m relay events in back-to-back Olympic games, holding onto his World's Fastest Man title.

Fab Five
The women's U.S. Gymnastics team beat Russia to win gold in an exciting finish. Gymnast Gabby Douglas also won gold in the Individual All-Around.

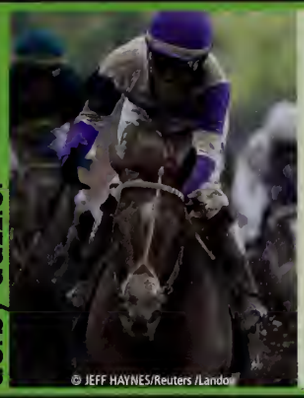
Most Medals
Swimmer Michael Phelps officially earned the title of most decorated Olympian with 22 career medals, 18 of which were gold. Phelps finished his career in London with 4 gold and 2 silver medals.



ravens fly to victory

The Baltimore Ravens and San Francisco 49ers faced off in Super Bowl XLVII, which was held in New Orleans. The Ravens took a 22 point lead when the stadium's power went out for nearly half an hour. Once the power returned, the 49ers tried to close the gap in a second-half surge but the Ravens held on for a 34-31 victory. The Ravens quarterback, Joe Flacco, earned the MVP award.

derby dazzler



I'll Have Another ran for the roses and won the Kentucky Derby by beating out Bodemeister in the final stretch. Only a few weeks later, I'll Have Another won again at the Preakness, and was on the path for the first Triple Crown title in 34 years. However, shortly following the Preakness, the champion developed tendonitis and was withdrawn from the Belmont Stakes.

heat trumps thunder

The Miami Heat won the NBA title over the Oklahoma City Thunder in Game 5 with a final score of 121-106. Team leader LeBron James earned the MVP award.

to the extreme

Los Angeles hosted the Summer X Games with 18 events held over a 4-day period for BMX, Motocross, Rally Car Racing and Skateboard. Bob Burnquist won his 22nd career medal at the Games and defended his title in the Skateboard Big Air. Vicki Golden won gold in the Motocross for the second year in a row, following an injury earlier in the year.

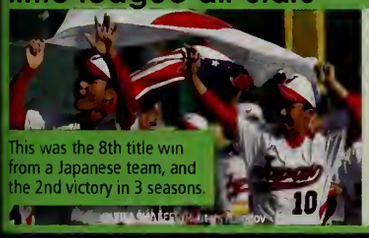
giant win

The San Francisco Giants won the World Series in just 4 games in the best-of-seven series against the Detroit Tigers. The win marked the Giants' 2nd World Series title in 3 years, the team's 7th title in the franchise's 129-year history.

asian sweep

For the first time in history, Asian women won all 4 majors in the calendar year. South Korean Sun Young Yoo won the Kraft Nabisco Championship in a one-hole playoff. Na Yeon Choi, also from South Korea, earned the first place title at the U.S. Women's Open and beat her closest opponent by 4 shots. Fellow South Korean Jiyai Shin won the Women's British Open with a record 9-stroke victory. Shanshan Feng became the first player from China to win the LPGA title with a 6-under finish overall.

little league all-stars



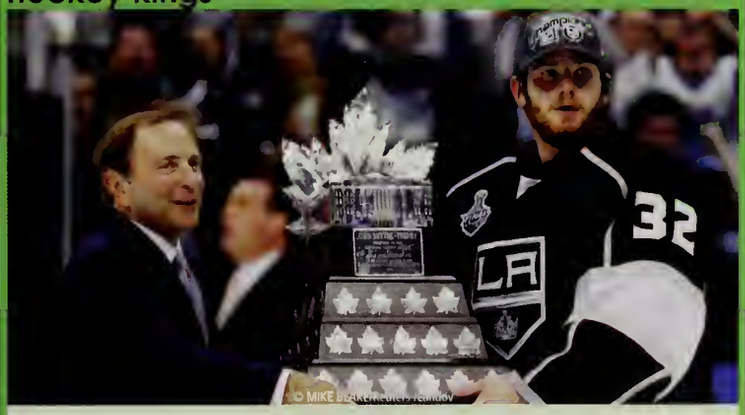
This was the 8th title win from a Japanese team, and the 2nd victory in 3 seasons.

The Kitusana All-Stars of Japan won the 66th Little League Baseball World Series against Tennessee with a 12-2 lead. The game was shortened to 5 innings because of the 10-run mercy rule.

soccer stars

The Sporting Kansas City defeated the Seattle Sounders in overtime to win the men's Lamar Hunt U.S. Open Cup after a 3-2 shootout. The Women's Professional League suspended the 2012 season and then announced it would not return for 2013 due to low attendance and lack of resources.

hockey kings



For the first time in franchise history, the Los Angeles Kings skated off with the Stanley Cup. On home ice, the champions beat the New Jersey Devils in Game 6 with a 6-1 lead. Goalkeeper Jonathan Quick was named MVP.
